

Committed to Cameron County

Community

- Our **disciplined, sustainability-focused mission extends to the Brownsville** community and environment.
- We are working with the Brownsville Navigation District to **fund more than \$130 million in channel improvements** – widening and deepening 8-miles of the channel.
- Annova LNG will use a third-party pipeline to be constructed for the facility's natural gas supply, which is an **additional estimated \$550 million economic impact**.

Economic

- The facility will diversify the Cameron County economy and **create thousands of direct and indirect jobs from construction, to operations, to supporting services including local restaurants and retailers**.
- Annova LNG is **creating opportunities for families to move back to the Brownsville area** and enjoy a better quality of life in their home community.

Environment

- Our environmental conservation program **minimizes and avoids impacts** where possible and mitigates the unavoidable impacts through **voluntary conservation measures**.
- Annova LNG's facility intends to **be the most sustainable LNG plant** in the industry and **achieve the lowest carbon footprint** per pound of production among all U.S. LNG providers.
- Regional and local grid improvements are necessary due to Annova LNG's choice for all-electric compressors, **which will help all area residents and businesses avoid outages**.

Fast Facts

Sourcing electricity through 100 percent carbon-free renewable energy sources, which translates into \$900 million in regional clean energy investments

Restoring and enhancing 250 acres of wetlands

Generating \$324 million in direct labor income, including an average of 700 construction jobs

Creating 165 permanent jobs with an average salary of \$70,000

Annova LNG will be the most sustainable and reliable provider of liquefied natural gas from the United States. Our disciplined, utility-grade focus on structure, strategy and sustainability differentiates Annova LNG from competitors and underpins our ability to create long-term value for our customers, our investors and our community.
